JANUARY 24th GENERAL MEETING

President Duane Engle called the meeting to order at 7:28 p.m. there were 7 officers, 35 members, and one visitor in attendance. A motion to accept the December 2011 minutes as printed was made by Larry Mundell and seconded by Don Crabtree. The motion passed.

EXECUTIVE BOARD
Duane Engle 610-929-5661 rcths.dengle@juno.com

The January 2012 meeting of the BOD was held at 7PM on January 3rd at the Reading Railroad Heritage Museum in Hamburg, PA. Topics of discussion and motions carried are as follows:

- **Mission Statement** – The board adopted an updated mission statement and it reads as follows: The mission of the Reading Company Technical and Historical Society is to document, collect, preserve, exhibit, and interpret equipment, artifacts, archives, and history related to the Reading Railroad, its predecessors, successors, subsidiaries, and communities it served for the education, safety awareness, and enjoyment of its members and to the public.

- **Financial** – The board approved the creation of an Equipment Preservation Fund which will function much like the Modular Fund and the Exhibit Fund. The following funds will now be subsidiaries of this new fund: MP&RE, acquisitions, storage, restoration, operations, and maintenance. The annual donor list will now include a list of active funds and what was raised for each fund. It was decided that an official RCT&HS thank you letter be created for committee chairmen to use as a guide when sending out thank you letters to donors. Also, committee chairmen will receive a monthly report on who made donations to their area and how much. A motion was passed to transfer $125 from the general fund to the exhibit fund on a monthly basis during 2012. The board approved an expenditure of $1000 toward the restoration of caboose 94074. Discussion continued on the 2012 budget.

- **Museum** – Approval was granted to remove various stairways and ladders to keep trespassers off the roof and out of the buildings. The board also wants to see the buildings closed off to keep trespassers out. Other security issues where reviewed.

- **Policy Adoption:** The following policies were adopted by the board: Code of Ethics for Board Members, Whistleblower, Supervision of Children, Youth and Vulnerable Adults, and the Retention of Records.

- **Miscellaneous:** The board rejected the lifetime membership proposal. The board agreed to look into why the RCT&HS web site has not been kept up to date.

The next general meeting of the Executive Board will be held at 7PM at the RRHM in Hamburg, PA on February 7, 2012.

TREASURER’S REPORT
Jim Adams 610-777-3764 adamsjimca@comcast.net

A motion to refer the Treasurer’s Report to the Finance Committee for audit and vote was made by Larry Mundell and seconded by John Greene. The motion Passed.
The had a very good month for sales in the Museum gift shop. I want to thank everyone who has helped with sales in the gift shop at the Museum. Also this month the yearly inventory of sales items was done. We had a good crew for this and we had most of the work done before the Museum opened. Thanks to those that helped.

There is a train meet in Hamburg the last Sunday of the month. We need someone to attend this show. There are 3 shows scheduled for February. The first show is the train meet at Timonium MD with the modular Feb. 4 & 5 then a Greenberg Show at the Reading Expo Center with the modular Feb. 18 & 19 and finally the Spring Thaw train meet at Allentown, sales only, Feb. 25 & 26. If anyone can help please contact me.

Budget & Finance
John Brown 717-426-2238 JBROWN929@AOL.COM

The audit of the fourth quarter, 2011, has been completed. All financial records are complete and properly documented.

The annual inventory of our sales merchandise was completed on January 7. Thank you to all who helped with this annual event.

The Board continues to review the 2012 budget as it is being developed.

The "Thank You" letters summarizing donations are being prepared and will be mailed before the end of the month.

Museum Operations
Dale Woodland 215-723-5848 dwyrdg@verizon.net

We will have the toy exhibit at the same time as the O gauge trains each year as a holiday exhibit tradition. We hope to have more train toys and have some toy collectors do display cases. Next Christmas Season we will open the Wednesday through Sunday of Christmas Week (Dec 26 – 30). This has been discussed in the past but not done because of the difficulty of getting docents during weekdays. Paul Troutman said he will get the docents for that week. Hours will be 10 – 4 except for the Sunday (12 – 4). We will sponsor a special public reception, Friday evening April 20, 2012 from 7 to 9PM at the museum, for Mrs. Holton in recognition of her cooperation in creating the Jim Holton Art Exhibit. Admission will be $10 (including RCT&HS members) and cheese and punch will be served. We decided against serving wine due to possible liability concerns. We received another request for professional photographer for a photo session at the museum. We decided to raise the fee (currently $20/hour up to 9 people, then $30/hour ten or more people, plus individual admission) to $40 and $60 respectively. We need to have our website updated more frequently – not doing it gives us a bad image, as well as hurting attendance. It would be helpful to all organizations within the RCT&HS to have a calendar of events included on the website. We need a better system in the gift shop for finding clothing sizes more easily. We approved a request from the Elm Street Neighborhood of Hamburg to use the museum as a site for their mixer on Wednesday evening March 14, 2012. As a result the Antique Toy exhibit will remain up until that date. We thank Paul Troutman for his flexibility. Jim Adams expressed a concern he has with closing out the cash register each weekend. The money deposited hasn’t always equaled the report sheet turned in by docents. Docents are reminded to keep the stipulated amount of bills in the cash register (contact Jim or Dale for the amount) and then be sure what goes into the deposit bag matches the report sheet. Also, to avoid so many voids, docents need to get into the habit of asking the customer – “Will that be cash or credit?” before starting to ring up the sale. The Modular Committee is redoing some of the museums modular layout. As a result the O Gauge Holiday Layout will remain up until the new modular is finished.

Curators Report
Paul Troutman 610-926-4919 ptrout@epix.net

Track lighting has now been installed in all areas of the museum exhibit halls. No longer do we need to use the expensive overhead gymnasium lights that we used in the
past. Many thanks to all of the volunteers who worked for several weeks to accomplish this difficult task. The telegraph key outside the agent’s office now operates the receiver inside the office. The Civil War exhibit has been completely transferred to a holder previously used for posters. This will remain on exhibit in our main hall until September 15, 2013 as part of our commitment to the Civil War Trail of History. The holiday LARGE O-Gauge layout will remain open during February while the crew from the Modular Group completely rebuilds our HO layout. This will be a tremendous improvement to our museum.

In the changeable exhibit hall we are featuring an exhibit of “TOYS OF THE READING RAILROAD ERA”. This will remain open until March 11th.

**NEXT EXHIBITS**

**JAMES HOLTON ART EXHIBIT** – Original paintings and drawings by Mr. James Holton, artist, author, photographer, and railroad historian.

**EDDIE WISWESSER MODEL EXHIBIT** – Hand crafted models made before the advent of kits. A HUGE collection of models made by Mr. Wiswesser and several others will be on display. Mr. Wiswesser also made detail drawings of railroad equipment and is an author and historian.

**MARK YOUR CALENDAR FOR TWO SPECIAL EVENTS**

1. On Friday April 20, 2012 we will sponsor a special public reception from 7 to 9 PM at the museum for the opening of the James Holton art exhibit. Mrs. Holton plans to attend. We will honor her in recognition of her cooperation in creating the Jim Holton Art Exhibit. There will be some surprises. Admission will be $10 (including RCT&HS members). Cheese and punch will be served.

2. On Friday June 15, 2012 we will sponsor a special public reception from 7 to 9 PM at the museum for a talk by Eddie Wiswesser entitled “BUILDING MODELS BEFORE KITS”. If you have any Wiswesser books he will be pleased to autograph them for you. There will be some surprises. Admission will be $10 (including RCT&HS members). Refreshments will be served

Both of the above events will benefit artifact conservation and storage.

The following items are needed at the RRHM:

- Plywood sheets (1-2 sheet or larger
- 2X3 OR 3X4 boards
- Metal ironing board with cover
- Steam iron with automatic shut off
- Ladders (not wood)
- Workmate (Folding table vise)
- Soldering iron
- Electric heater
- WORKING FORKLIFT
- WORKING BACKHOE

If you would like to donate any of the above items please call Paul Troutman at 610-926-4919

**MUSEUM BUILDING COMMITTEE**

John Corbit 610-781-1939

A new overhead door was installed in the hall way near the archives room. We will also soon take some more scrap metal away including the old forklifts.

**TRACK & GROUNDS**

Duane Engle 610-929-5661 rcths.dengle@juno.com

Not much has happened during the last month. I hope to be able to do some additional track work in the next few months as well as find more track to remove. We did have to do some snow removal and we could use more volunteers to help with this at times. Anyone that can help with any of this work, please contact me.

- Archives
  
  This month, the Archives received an extra special donation from railroad historian Richard Mansley consisting of a large collection of photos of Reading RR structures and facilities taken by him mostly back in the 1960s. Other donations included: more railroad books and magazines from Paul Kutta; a collection of Reading RR photos and paperwork from Mrs. Helen Mountney; a quantity of railroad photos and paperwork from Carroll Keene; a large collection of railroad magazines and books from Paul Vilter; some Reading Transportation Co. snapshots from Larry Keller; and some railroad stencils and other items from Bill Cauff. Sorting work continues in the Archives, the current focus being on rolling stock blueprints stored flat in the map cases. Our rate of progress mainly depends on having archival folders and boxes in which to place the sorted

President
Duane Engle
Duane Engle lives in Laureldale, (north side of Reading) PA with his wife Lynn and 15 year old daughter Rebecca. Duane is a long time member of the Trinity Bible Fellowship Church where he serves as a deacon and Junior Church leader.

Duane’s work experience is as follows: He worked at Kuzan’s True Value Hardware store as a sales clerk part-time in his high school years. Duane took cabinet making as a major at Vo-Tech and ended up working at a kitchen cabinet shop in Reading during his senior year of high school. Duane spent 6 years there doing just about everything on the production end of cabinet making. Also during this same time Duane started working part time on the Blue Mountain and Reading RR. He also spent 2 years working for a home construction and remodeling company. Currently, Duane is employed at the Reading and Northern RR as Assistant Vice President of Field Maintenance. He has been with the R&N for 25 years working in train service, loco shop, passenger department and the majority of his time in the track department.

Duane joined the RCT&HS in 1983 straight out of High School and jumped right in to all that was going on. He has been involved with many of the society’s committees and served on the board for numerous years. Duane has seen the RCT&HS go from a membership of about 400 meeting in the little train station in Elverson with no equipment to our name to where we are today. Duane looks forward to the continued growth and expansion of the RCT&HS and the RRHM.

2nd Vice President
John Greene
John was coordinator for six RCT&HS annual conventions at the Hamburg American Legion, has held the position of Second VP for eight years, and has been a Corporate Member for five years.

Secretary
Jeff Smith
Jeff graduated with a BA in chemistry from Millersville University in 1993 and earned a Masters of Education from Kutztown University in 2000. Jeff has been a science teacher in the Cornwall-Lebanon School District in Lebanon, PA since 1995 working in both the middle school and high school teaching Physical Science and Chemistry. Jeff has been a member of the board of directors since 2007 and held the position of Secretary since 2008. Jeff is also has been the editor of the society’s newsletter since January 2007. Jeff enjoys helping with the modular, archives, track work, special events, and as a museum docent and volunteer.

Director - choose 2
Greg Goodridge
Greg graduated with a BS in Biology and a minor in Chemistry from Bloomsburg University in 1980. Worked as a Toxicological Chemistry Technician for 12 years in suburban Philadelphia and since then as a Field Service Engineer servicing Mass Spectrometers and other laboratory instrumentation. During high school and college Greg worked in retail sales to support himself. Greg has been an active member of the RCT&HS for approximately 10 years. For the last 6 or 7 years Greg has been most involved in the food stand for the King Frost Parade, lunch with Santa and Mrs. Claus, and catering special events. Greg also has been working with the sales committee with credit card sales at shows and instituted barcoding and updated cash registers for the museum and the sales bus. Greg’s goal is to semi-automate inventory control and to set up an internet store with digital images of our merchandise within the next year.

Tim Weidner
Tim has been an active member of the RCT&HS since 1993 when he was 10 years old. Tim is a fully licensed electrician and has an extensive knowledge of the building trades as both a journeyman and in management, having over 10 years of experience. Tim is a certified welder-fabricator and has fabricated multiple custom tools and completed many repairs to the RCT&HS fleet. He has been the Chief Mechanical Officer for the RCT&HS for over 10 years and has overseen all the maintenance work to the society's locomotives. Tim is currently the only person on the RCT&HS Board of Directors with the proper technical experience and qualifications for the continued maintenance and operation of the Society’s 86-piece equipment collection. He has been involved in many functions and activities for the RCT&HS over the years including laying track, electrical work and building maintenance on the museum, rebuilding and inspecting all the RCT&HS equipment for operations, overseeing the restoration of GP-35 #3640, and keeping the rest of the operational locomotives in service. Tim’s current projects include completely rewiring NW2 #103, re-gasketing the engine in GP7 #621, performing routine maintenance on locomotives 5308, 5204, FP7's 902 and 903 and RDG business car #15, laying out the entire electrical control system for GP35 #3640, and rebuilding all electrical components on 3640 and 103. Tim averages approximately 45 hours a week working on RCT&HS equipment or conducting MP&RE business. He enjoys teaching the younger generations about locomotives and railroading and work hard to get them involved for the future survival of the RCT&HS. To accomplish this, Tim continues to post many photos online of the RCT&HS's work under the name Tooling17039 on active bulletin board sites such as Railfan.net, Rypn.org, the RCT&HS members site, railroad.net, and most recently the MP&RE Dept. page on Facebook, which recently reached 200 members. Tim is proud of his work to preserve, protect, and maintain the equipment of the RCT&HS, and looks forward to continuing his efforts and giving a voice to the members who understand how important it is to preserve this part of Reading Railroad history.
